

# WITH OUR BOYS IN SERVICE

"Nothing is impossible," stated Col. John Guy Strohm of Portland, Oregon, commanding officer of the 46th General Hospital situated in a North Africa Medical Center. And, judging from what the doctors, nurses and enlisted men of this outfit have already accomplished, Col. Strohm can back up his words with facts. For you who don't know, Corporal Roy Waters of Truckee is with the 46th. The hospital has handled more than 6,000 patients since it landed in North Africa in August, 1942—wounded men from the Italian front and sick men from the local areas. Of these patients, 30 per cent have been returned to full duty, 28 per cent to limited duty and the balance evacuated and sent to the United States for further treatment. For a while Roy was on field duty in Italy, but is now back with his outfit.

A letter from Pfc. Harry Digesti in the far off Pacific this week tells us that he receives his Sierra Sun regularly and enjoys every bit of it. He was saddened by the news of the death of Jimmy Thomas, his old school chum, and wrote "I've just received the terrible news about Jim and I can never tell you how it hit me. It seems as though only yesterday we were walking up the hill to go to school. We certainly lost a great friend. I have been keeping up with the Donner Lake progress and I am certainly glad that it may yet be saved." Harry has met several boys who used to vacation and work in Truckee and they all expressed the same desire that Donner be kept intact.

George Keetch, our erstwhile printer's devil, now with the United States Marine Corps as corpsman, now has that old familiar "Care of Fleet P.O." on his address. Wherever they send you, George, our best wishes ride along. Take care of yourself. George is coming back to Truckee after the war, he says.

Pvt. Ruf Gregory, who has been enjoying a ten-day furlough here with his wife and two sons, shoved off this a.m. for Camp Hulen, Texas. Ruf has completed basic anti aircraft training at Camp Callen.

Sgt. Fosten Wilson writes from somewhere in England on D-Day with the remark that over here we probably had it checked in red on the calendar so he would not enlarge on it and that over there they were very well pleased with the situation. He notes that England is a swell country if you stay inside, but that he got wet, probably when sightseeing on the double decked busses. He sent a request for candy and gum to brother, LeRoy.

Pvt. Phil Kearney wrote home this week devoting a short paragraph to the fact that he had been wounded. "It is now time to confes, as it may be that you will hear from the war department and I want to beat them to it." The "wound" was in quotes because Phil said, it was so slight, but there was no question that the jap did his best. "Am still in the hospital," he said, "where they keep you a long time for so little. The fellows have been down to see me and I expect to be out any day now. I just got in the wrong place at the right time."

General Marshall sent Mr. and Mrs. George Waters a card of sympathy for the loss of their son, Edwin, and expression of his good conduct in fighting for his country.

Lt. George (Bud) Jackson, son in law of Mrs. Bert Weeden has completed 40 missions in Italy and hopes to return home sometime in July.

A telegram came to Mr. and Mrs. Joseph Zorich last weekend telling of the marriage of their son, Pfc. George (Bud) Zorich to Miss Helen Bowen of June 14 at Denver where Bud had been stationed at Camp Hale. A letter of detail to follow was promised. Congratulations are in order.

Cpl. Tony Besio has returned to specialized school somewhere in England, his parents, the Steve Besios learned this week. Brother Angelo, with the fighting Marines in the Pacific, has not been able to write home regularly.

Sgt. Alden Moore recently wrote to his mother, Mrs. Glen Sweeney now living in Woodland, describing the capture of a huge python in the men's camp on New Britain and the mate was killed in the officer's quarters. The men enjoy the fresh fish that they are able to catch as a pleasing contrast to dehydrated foods and canned meats.

Pvt. Eddie Farrell, brother of Mrs. B. W. Reynolds writes from his base on New Guinea to report on his good health, but says he hasn't yet found anything good about the place except that it is new and interesting. He is in the jungles and not anxious to get too deep into it, he said. The coconuts and bananas grow wild and he voiced the opinion that his small nieces, Shari and Ginger would like that feature. The place is full of

insects, snakes and sandcrabs, he said and it is about the only place you can see rain and dust at the same time. He said he thinks a lot about Truckee and the snow. The native women don't wear anything above the waist, but they are far from Dorothy Lamours, Eddie declared.

A letter dated June 11 and written by Pvt. August Esola to his cousin Mrs. Bruna Ghidotti, states that he is back in the hospital with another wound. Details of his location and the action were not revealed. He recently returned to fighting in the Pacific after receiving the purple heart.

## My Place In The Sun

By CPL. DOUG BARRETT

Excerpts from letters from the Canada theater of war operations

In spite of D-Day and all, things are still a bit dullish around here. The evenings now are running well up to 10 o'clock before it really gets dark.

The other evening we went out to the ball park and rooted the Yanks to a double-header victory over the Canadian Signal Corps. The scores were 5-1 and 8-7 with both teams turning in a pretty good brand of ball.

The way things are moving in the other theaters of the war, it looks like the end—while a long way off—is in sight. For all of us let's hope so. We have so much living to catch up on as it is. The local radio station really has the right idea. On the program where they give the calendar for the day they announce the date and close with the phrase "One day nearer victory!" which is really the optimistic and real way to look at the thing.

Believe it or not, I am a good soldier! No kidding, today I was given a pretty little red and white ribbon to testify to my good conduct. Tucked away in a cigar box now are three ribbons—the Asiatic-Pacific, the American Theater and the good conduct. If I get any more (I expect I'll get one more before the war is over) you can just add MacArthur to my name.

Take good care of yourselves and I'll be home in few months—it looks like.

## TRUCKEE WOMAN ESCAPES IN WRECK

Mrs. Mary Van Sandt of Truckee suffered only minor injuries Saturday when the car she was driving left the highway near the Nevada State line and ran into the bank. State Patrolman Thomas Sheehan, who investigated said Mrs. Van Sandt evidently lost control of the machine, causing the mishap.

## NEW BOOKS NOW AVAILABLE HERE

Books recommended this week at the Wyethia Club's lending library are W. Somerset Maugham's latest novel, the best-selling "The Razor's Edge"; "The Robe" by Lloyd Douglas; "Flint" by Charles G. Norris; "This is Your War" by Ernie Pyle, noted war correspondent and Good Night Sweet Prince by Gene Fowler.

## BURGLARS LOOT DONNER RESORT

Cline's Coffee Shop on Donner Summit was robbed of \$50 in cash and four bottles of whiskey sometime Tuesday night, according to Constable N. F. Dolley, who is seeking two men believed responsible. Entry was made by breaking a rear window.

## BUDGET PREPARED FOR FIRE DISTRICT

Frank Gaiennie, clerk of the board of directors of the Truckee Fire District, has prepared the annual budget which will be sent to the board of supervisors for approval. The budget is approximately the same as for last year when \$1,847.53 was spent, although an additional \$250 is requested for new hose to replace hose no longer servicable, Gaiennie said.

The largest expenditure last year was for water, \$1200 being required for that purpose. Salaries, including that of the chief, the engineer and for labor totalled \$275, while \$250 was paid out for fire house maintenance and \$200 for insurance.

Currently the fire tax here is 50 cents, but Gaiennie predicted this may be trimmed somewhat for the coming fiscal year.

## To Woodland—

Mrs. L. A. Greene and daughter Regina, left Sunday to make their home in Woodland. Greene left a week ago to assume the management of a store in that city.

## Tahoe Summer School Opened As 140 Register

Faculty Named to Instruct  
Students From All  
Over State

TAHOE CITY, June 22.—Tahoe branch of the Placer Union High School opened its second annual summer session at Tahoe City June 20 with an enrollment of 140 students, three times the number that enrolled last summer.

Students now registered come from more than 70 high schools in some 50 communities. Twenty-seven California counties and two other states, Washington and Arizona, are represented. San Francisco's Lowell High School is represented by 23 students, the largest enrollment from any single school. One enrollee from the U. S. Maritime service is registered for the work in mathematics.

The vice-principal, Mrs. Bliss Hinkle reports that students not already accommodated in private homes, are now housed in two student cooperatives, at Tamarack Lodge and Tahama, where supervision and house rules provide quiet hours for study. At the close of yesterday's session, nearly all students who needed part-time work had found local employment.

The Tahoe branch was one of the first California high schools to offer a concentrated summer course under the accelerated wartime educational program. Students in the 14-week term are able to complete a full semester's work toward graduation, or a full year's work if registered for double periods and Saturday classes. The accelerated program is designed to speed up graduation of students nearing military age, through intensive study in the basic fields of mathematics, history, English, chemistry and physics.

The present teaching staff, regular faculty members of the Placer Union High School and Junior College, includes Mrs. Hinkle for English and chemistry; Stephen Barooshian for English, U. S. history, civics and public speaking; Otto Fox for music, solid geometry, trigonometry and mechanical drawing; Samuel Stoddard for physics and algebra and John Franklin for typing, plane and solid geometry and physical education.

## SPEAKERS FEATURE ROTARY GATHERING

Ladies Night for the Rotary Club was held at Soda Springs Saturday with Art Couillard program chairman and Dee Bowen presiding. Speakers were Mrs. W. C. Barnes of Big Bend who gave an interesting discussion on dolls, tracing the history of the doll from medieval times. She also showed a fine collection of dolls; and Del Harter of the Grant Union high school, who gave a travelogue on Mystic India, which he included in a recent round-the-world trip. His talk was very informative and interesting. He also showed many relics of his visit. Major Rutherford of North Sacramento was a visiting Rotarian.

Guests and members attending were Messrs and Mesdames Bowen, T. T. Buell, Bert Weeden, Theodore Schlueter, H. Ciardella, J. A. Wolert, W. C. Barnes, B. F. Lewis, W. F. Wilkie, Jr., Ed. Dugan, E. Danzger, R. Thompson, A. Couillard, D. Jones; Lt. and Mrs. B. Walton, Lt. and Mrs. W. Whales; Mrs. O. Jones, Mrs. J. Jagglund, Miss Joyce Heath; G. E. Hofmann, E. C. Gram, Ben Lichman and Dave Bolender.

## FIVE TRUCKEEITES BECOME CITIZENS

Five Truckee residents were admitted to citizenship to the United States at naturalization examinations held last Friday at Nevada City. Those who passed successfully included Michel Bimbo, Gerolamo Zunino, Mary Amelia Stelzriede, Enrisa Moro and Annie Marie Kehm of Truckee, all natives of Italy.

## MISS LOTHROP WILL TEACH AT MANTECA

Miss Marion Lothrop has resigned her position in the local high school and accepted a position in the Manteca high school. She had been the commercial teacher here for the past 11 years and her success as a teacher has been shown in her students who have been enabled to hold good positions in their chosen fields.

## Mrs. Oliver Expires Here

Mrs. Hattie Oliver, pioneer resident of Truckee, died suddenly at her home on River Street last night about 7 o'clock, apparently from a heart attack. She leaves her husband, Harry Oliver, retired veteran railroader, of Truckee and one daughter, Mrs. Edwin Smith of Placerville.

Mrs. Oliver had not been in good health, but her death came as a shock to her many friends throughout the district.

## \$27,000 RAISED THUS FAR IN TRUCKEE'S WAR LOAN DRIVE

The Truckee-Donner area is responding to the Fifth War Loan Drive in a manner exceeding many other areas and Chairman R. N. Little yesterday announced that for the first two weeks of the current drive, this district has subscribed over \$27,000 of its \$87,000 quota.

This sum does not include pledges nor appropriated sums from firms and organizations outside the city but represents the actual cash sales.

With the exception of \$5,000 all of the bonds sold thus far were of the Series E type, Little reported.

The \$5,000 Series C bond was purchased this week by William M. Englehart, of Truckee Coca-Cola Bottling Company, who made the local purchase for the Acme Breweries. The check from Karl F. Schuster, president of the big concern, did much to swell the Truckee drive.

"While the results of the current drive exceed those of the past," Little said, "we are still a long way from the goal which we hope to meet and this cannot be accomplished unless we all pitch in and subscribe more heavily than in the past."

## JOHN NEWMAN RITES ARE HELD

Funeral services were held Monday afternoon at Carson City for John Richard Newnham, 67, for many years a resident of Truckee and Hobart Mills, who died at a Nevada City hospital last Thursday night. He had been a patient at the hospital for five weeks.

Newnham worked at the box factory at Hobart Mills for ten years before moving to Truckee several years ago. He was widely and favorably known and was a quiet unassuming man who always kept his own counsel and even his closest friends were unaware of his fatal illness.

He leaves a sister, Mrs. Howard Little of Carson City. The Hooper & Weaver company brought the body to Truckee.

## PYTHIAN SISTERS TO HOLD MEETING

Laura Gaiennie, mistress of records of Summit Temple No. 79, Pythian Sisters, is calling a meeting of the lodge for tonight at 8 o'clock. A discussion of the summer recess will feature the meeting.

## Former Local People Move—

The Bernard Corrigan have moved from Mendocino county to Gridley. In Sunnyvale—

George Pace was here and left with Mrs. Pace and son, George, yesterday for their present home at Sunnyvale.

In Hospital—Mrs. Lizzie Twaddle is reported to be ill with pneumonia in a Reno hospital. Her sister, Fannie Riddler was also ill recently.

Hand in Winger—Gertrude Waters, daughter of Mr. and Mrs. George Waters is carrying her right hand in a sling as the result of catching it in the wringer of a washing machine while helping a small friend with the washing.

Opens Barber Shop—Mr. and Mrs. Bill Paquet returned to Meeks Bay from Vallejo Monday and the former opened his barber shop there today.

Guests Here—Mrs. George Anderson and Carme and Bert Brock of Ordway, Colorado plan to leave for their home Monday following a visit with Miss Carol Brock, daughter and sister of the visitors. During their stay in California the visitors went to the coast to see other relatives.

In Nevada City—Mrs. Dan Smith and Mrs. Rose Kielhofer were Nevada City visitors Saturday.

## :: Sun :: Beams

by WALTER M. BARRETT

The flow of Fifth War Loan dollars has started. And Truckee and the immediate surrounding area may well be proud of the part they are playing as nearly one-third of the quota has already been reached and the sales are increasing daily. It's our way of backing the attack—the attack of our brave fighting men on the beachheads of France and of our other courageous warriors around the globe—on land, on sea and in the air. But the tempo and enthusiasm of the opening days of the drive must be continued and increased, if this war loan campaign is to succeed. Let us remember; always, that we are only lending our money—at good interest—to back the men and boys who are giving their lives.

There should be no criticism of the work of our local officers, Constable Tom Dolley and Deputy Frank Titus. These men are maintaining law and order in Truckee and the surrounding area better than can be expected taking into consideration the added itinerant population, who frequent the region and find our jail none too pleasant for sleeping off drunks. The jobs held by Titus and Dolley would tax the limits of less efficient men and we believe it only fair that they be given assistance from the county sheriff's office. An occasional man is sent to Truckee for a day or two once in a while to assist, but under present conditions another full-time officer would far from overstaff the local peace makers. Truckee, to our knowledge has never had a full-time paid deputy and we believe that we are certainly entitled to at least one.

## ERRATIC ACTIONS OF DOE PUZZLING

The erratic behavior of a doe last Sunday close to Big Chief Camp was reported by Mr. and Mrs. Robert Bennetts of Berkeley who were walking with their dog when the apparently infuriated animal charged and attempted to stamp the howling canine. Not content with that the doe ran in circles around the unhappy dog until it finally escaped with its owners.

## PROPERTY TAX HERE IS BELOW AVERAGE

Property tax levies in Nevada county averaged \$26 for every \$1,000 of assessed valuation in the county for 1943-44, compared with \$27 for 1942-43, California Taxpayers association reported this week. City, county, school district and special district levies in the county are included in the \$481,767 levy for the current year, which, applied to the \$18,543,955 total assessed value of the county, produces the average levy per \$1,000 of valuation.

Throughout the state, the average per \$1,000 of assessed value amounted to \$39.70 for 1943-44, compared with \$41.10 for 1942-43, the association found.

## Gas Stamp Valid

Number 12 stamps in a mileage ration books became valid today. This is the highlight of today's ration calendar.

## At Trace—

Dave Bolender is visiting relative in Tracy this week.

## Here for Summer—

Mr. and Mrs. H. S. Eaton have moved up from Roseville for the summer. Mrs. Eaton, who has been ill for some time is improved.

## Attend Funeral—

Mrs. William Englehart, Jr., went to Los Angeles Monday following the death of her step mother in that city.

## Transferred—

T. J. Van Sandt, Truckee roadmaster for the S.P. has been transferred to Roseville and J. V. Copeland has been named to take his place. Mrs. Van Sandt and Miss June plan to stay here this summer.

## On Vacation—

Mrs. Judson Foster and daughter are here from Crescent City for a ten-day vacation.

## Improving—

Mrs. James McIver is improving in Sacramento following an operation on an infected foot.

## Family Reunion—

Mrs. L. W. Rider and daughter, Connie Rider, who have visited Mr. and Mrs. E. A. Parker during the week, left with the Parkers on a trip to Dixon where a family reunion was held.

## Sailors Escape Freak Accident Near Floriston

Logs Fall From Truck To  
Crush Passing Car  
On Highway

Two sailors from the Alameda Naval Airbase, narrowly escaped death or serious injuries yesterday morning at 10 o'clock in a freak accident on the grade at Floriston.

The two men, Vincent H. Turner 24, driving west, and Walter Waszkiewicz, 23, his companion, were meeting a truck loaded with big logs and driven by Raymond C. Johnson, 37, of Hirschdale, when the chain binding the ungainly load broke, allowing the logs to roll off the truck onto the car driven by the sailor. The car was virtually demolished and it took some time to free the driver from the machine.

Both the sailors escaped with only minor injuries, according to Sergeant H. B. Fowler of the highway patrol who made the investigation and took the injured men to the state line where they were met by an ambulance from the Reno Airbase.

It was necessary to saw the logs off the car to release the driver from the vehicle which was flattened almost to the pavement.

The driver, when released got out stretched his cramped limbs and walked about surveying the damage. Constable N. F. Dolley aided in the rescue.

## LOCAL GROUPS TO SUBMIT PLANS ON FISH RAISING HERE

The Truckee Chamber of Commerce and officers of the Sierra Fish Planting Club are collaborating on arranging recommendations to be forwarded to the Post-war Planning Department of the State Division of Fish and Game in an effort to promote a more comprehensive fish raising and planting program in this district.

The recommendations are being sent in response to an invitation sent to all sportsmen's clubs, wardens and others interested in the post-war development of fish and game. The plan to ask sportsmen and others for suggestions came as a result of a meeting held in San Francisco on May 25 and 26, according to Warden Bill LaMarr, who is cooperating with local interests in the proposal.

Suggested projects are for fish rearing ponds, hatcheries, check dams, fish screens, fish ladders, stream improvement and others valuable ideas. The recommendations should be in prior to July 10.

It is suggested that the projects be cleared through Captain Willard in this district with Warden LaMarr assisting in the plans for a well rounded conservation program.

## FEDERAL MAN IS SPEAKER AT CLUB

William Malloy, deputy internal revenue collector from Placerville, spoke before a meeting of the Lions Club last night on the early history of Carson Valley, giving an educational and interesting talk.

Sergeant H. B. Fowler was inducted as a new member of the club.

## FORMER LOCAL GIRL IN DANCE RECITAL

Local relatives and friends of little Miss Pern Ann Kielhofer, daughter of Mr. and Mrs. Karl Kielhofer and granddaughter of Mrs. Dan Smith of Truckee, have received invitations to attend a dancing recital of Reba McNamar's class in Sacramento Saturday evening. Pern Ann will take part.

## DIVIDEND SLATED BY BANK OF AMERICA

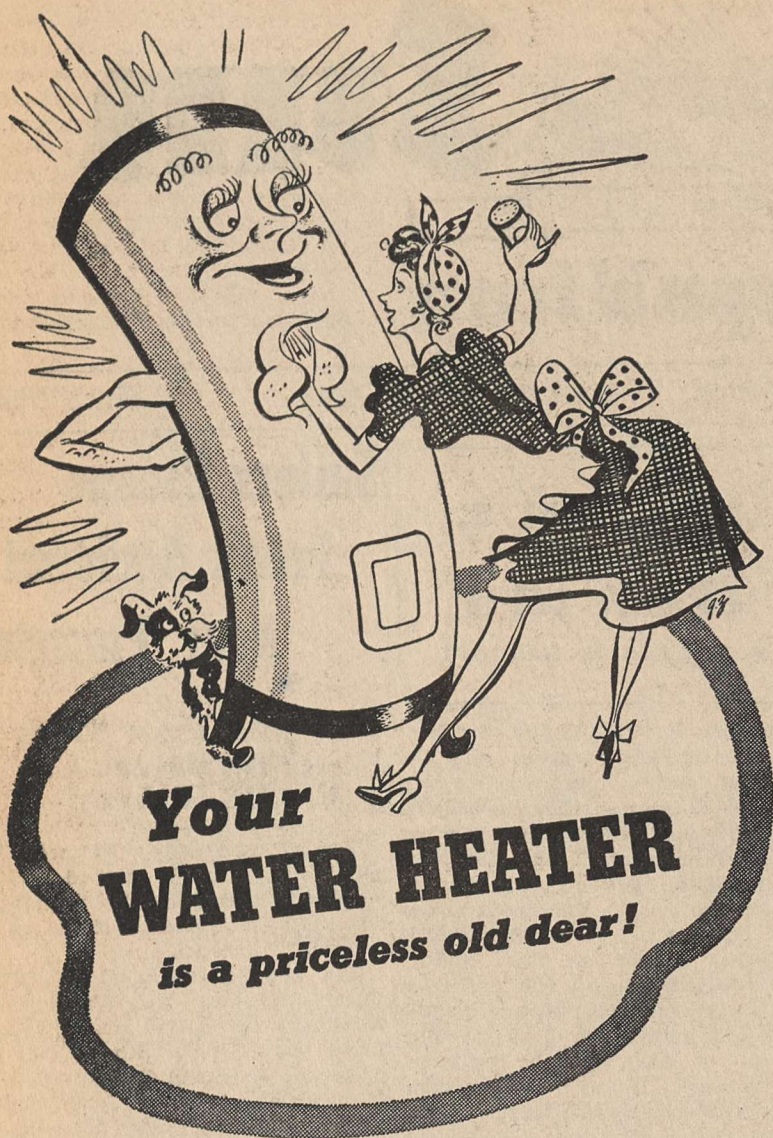

Directors of Bank of America, N. Y. & S. A., have declared regular dividends for the current semi-annual period on both the common and the \$2 cumulative preferred stock, payment to be made on June 30 to shareholders on record as of June 15.

Dividends declared on the common stock was \$1.20 for the six months at the regular annual rate of \$2.40 per share.

Mrs. Sybil Yeakel, former Tahoeite, wrote from her new address in Dayton, Ohio, to say that son, Rodney now in the service, enjoys the Sierra Sun and expressed his thanks for home town news.

**Keep Pampering the Old Darling!**

He's as comforting as old shoe...your dependable water heater? Normally he would be no worry. But you are doing more family washing and doing more "putting up" that means scalding jars and glasses... doing more floor scrubbing on your own hands and knees. That's all good and patriotic work, BUT... Your water heater is working harder delivering more hours of heating the gallons of water you are using in greater and greater amount. So, sort of pamper your water heater; won't you? This is how; do not waste hot water. Check leaking faucets. Open the drain valve on your heater every few months and run water into a bucket until clear of sediment. And when trouble seems serious, call a master plumber.

**TANKS OF SUNSHINE**

Sometimes we wonder if automobiles run on sunshine. For it is apparent, on every bright sunny day, that even the "A" card holders, who always seemed to be running out of gas in the colder months, find some way to get out on the road.

If it wasn't for that insatiable appetite for driving in nice weather, it seems quite possible that the government might relax gas rationing somewhat this summer. But, realizing the itch to drive which besets most all of us during the warm months, they are probably afraid that if we are given an inch we would take a mile.

We heard of one man who, having no gas, backs his car out into his driveway every nice Sunday afternoon and just sits there. When Americans are that fond of automobiles it is apparent that gasoline rationing cannot be lifted entirely until the supply is practically unlimited.

**DIVIDED THEY STAND**

As far as we can see, both the officials of Montgomery Ward and the leaders of the CIO union were right in their claims about the extent of the loyalty to the union among the employees of that company.

When the election was held the union won out by a vote of 2,340 for the union as compared with 1,565 against it. But there were 4,737 employees eligible to vote, meaning that 832 did not express their opinion. It is obvious that most of those were not very strong for the union or they would have showed up for the election. Actually, the union therefore did not quite get the support of 50 per cent of the employees.

Of course, in an election of this kind, not much consideration should be given to those who are not interested enough either way to express their opinion. But the vote does serve to indicate a sharp difference among workers in the same plant over the benefits of membership in a union. We sometimes get the habit of thinking of all workers in a large plant as being devout union supporters. This example shows that there is almost as great a difference of opinion about unions among those in unionized plants as there is among the people as a whole.

# LAKE TAHOE NEWS

By SWAN, E

Telephone Tahoe City 663

## DROSTE AGAIN PRESIDENT OF TAHOE COMMUNITY BODY

TAHOE CITY, June 22.—Members of the Tahoe Community Center governing body met Sunday morning at which time election of officers took place. With the exception of the president and vice president reversing positions, Henry Droste assuming the presidency held by Vice President Norman Mayfield, the officers remain as before. Mrs. Evelyn Bliss is the secretary, Clarence Vernon, treasurer and directors are Mrs. Bliss, Vernon, Harry Johansen, Carl Bechdel, Jr., and A. M. Anderson.

Discussion ensued for laying plans for beautification of the surrounding commons and making improvements within the building.

## Department Practices

TAHOE CITY, June 22.—The Tahoe Volunteer Fire Department held a drill Thursday night with members answering the siren in double quick time. Under the watchful eyes of Fire Chief Harry Johansen, they hooked up hoses and inspection was made of the hydrants. The chief was well pleased with the results.

Mr. and Mrs. Hall Ross of San Mateo arrived for the summer on Wednesday to occupy their lakeside home Guth-A-Win-Ga in Sunnyside.

Mrs. N. R. Mayfield and Miss Margaret Erskine of Auburn are visiting Marne Douglas Smith in the Navy hospital in San Diego where he is recovering from a serious illness.

## HOWARD JOHNSTON OF PINECREST DIES AT TAHOE HOME

Private funeral services were held for the immediate family of J. Howard Johnston, 64, prominent Tahoe resort owner and active civic leader, who died suddenly at his home at Pinecrest Friday, June 16. The rites were held Saturday afternoon and cremation at Sacramento followed. Memorial services were held at the Episcopal Chapel at Tahoe Sunday with Rev. Bishop Porter officiating.

Johnston was born in Oakland and after graduation from the Oakland high school, attended Hastings College of Law. Then he spent a year traveling around the world and after a few years in the lumber business in Oregon entered the real estate field in Los Angeles. This led him to Lake Tahoe and in 1929 he decided to settle there. He started his resort, Pinecrest by building a home there in 1931 and took pride in planning the cottages, gardens and drives.

He leaves his widow, Ruth Rottler Johnston, a daughter, Mrs. Virginia Hughes of Beverly Hills and a sister Mrs. Camille Johnston Ehrenfels of San Francisco.

Johnston was active in civic affairs at Tahoe and was chairman of the Fifth War Loan drive there. His loss will be deeply felt by the hundreds of friends and associates and the sympathy of the entire community is extended the family.

## DETAIL REPORTED ON ASSOCIATION MEET AT TAHOE

TAHOE CITY, June 22.—Details of the proposed post-war flood control project for the Tahoe-Truckee area were explained by Frank G. Christian of the United States Engineers office at the meeting of the Tahoe-Sierra Association a week ago. The speaker brought maps to illustrate his talk.

The plan, insofar as effecting Lake Tahoe provides for clearing a channel on the lake side of the present dam, the sill of which would be at an elevation of 6221.0 feet above sea level and the channel would be between 100 and 140 feet in width. In order to insure a low lake level at Tahoe of 6223.3 feet, the plan further proposes to provide for a concrete weir, the height of which is proposed to be 6223.3 feet. This weir would be approximately the same width as the proposed channel. With the concrete weir at the given elevation, the army engineers contend present low elevation of 6223.3 feet would be maintained. The engineers further contend that in order to insure adequate flood control around the shores it will be necessary that an outlet at Tahoe must provide for a flow of 2,000 CSF. Several years ago during highwater at Tahoe a maximum flow of water released at the dam reached 1,400 CSF causing considerable damage to owners along the Truckee river. So it was therefore necessary to secure such a flow that the channel at an elevation of 6221.0 be provided.

It was also stated that provision would be necessary to clean out the Truckee river to points in Nevada.

Detailed data was not at hand to show to what extent the Truckee river would be deepened, or what rights of way would have to be procured, or the increased flow of water, the study not having been fully completed. Estimated cost of the project would be \$12,500,000.

It will readily be seen that in addition to engineering problems, legal problems will be involved in respect to substitution of the natural rim of the lake for an artificial one. The legal problems, according to H. F. Droste, secretary of the Tahoe-Sierra Association, will in due time receive careful study and consideration.

## Yanks Hitting French Invasion Beach

An impressive view of American assault troops going ashore on a beachhead in northern France on D-Day. Offshore a fleet of landing craft is disgorging more hundreds of fighting men and supplies. Reinforcements continue to pour into France as Allied leaders build up their forces for the counter-offensive.

## Tahoe Briefs

Mrs. Barney Morrow and daughter Lois Reeves are again occupying their home in town near the golf links for the summer.

Dave Chambers reports this week that the Rubicon road, as far as Mille Lake now resembles a boulevard thanks to Supervisor Jack McFadden. Sterling Ralphs has been working on the road for some time with his bulldozer removing trees and boulders, making culverts and grading, with the result that the popular road into the back-country lakes is in better shape than for many years.

It is estimated here that nearly 100 children will arrive in the Tahoe region before start of the summer high school Monday, according to the latest reports. More than 30 boys are being housed and fed at old Tamara Lodge near the fish hatchery where Mrs. Mary Campion will fill the duties of housemother and Mrs. C. S. Anderson of Tahoe Cedars will prepare the meals.

Miss Anita Gebhardt left this week for San Francisco where she plan to secure a position in war work.

Customers of the Village Store are offering congratulations to the store's proprietors, Mr. and Mrs. A. M. Anderson and son Jack Starratt who opened their new store and market officially last Saturday, Friday night was hectic for all as many of their neighbors and friends pitched in and helped move stock and equipment to the new location. Due to increased floor and display space a much larger choice of merchandise will now be available.

Mrs. Gerda Kvistberg of Tahoe returned to Avalon last weekend as renters arrived to occupy her home for the next two and a half months. She plans to return next autumn.

Mrs. Lee Druhn of Unalaska enjoyed a birthday Saturday.

Mrs. Clarice Huddleson of Boston is visiting with the A. M. Henry family indefinitely.

Mr. and Mrs. Fred Repp of Albany have sold their drug store and were up to spend the weekend in their lovely hilltop cottage on Dollar Hill. They plan to return soon for the summer.

Robert and Donald Ham, sons of Mr. and Mrs. R. K. Ham of Carnelian Bay left last week to attend Boy Scout camp at Quincy for two weeks. They will return later to finish their Tahoe vacation.

Mrs. Fenton Ball is back for the summer at Tahoe. Her husband has been on active duty for many months with the SeaBees. Mrs. Ball spent seven months last winter serving as a nurse's aid at a Reno hospital.

Mrs. Jessie McClafferty of Pueblo, Colo., is visiting at the Frank Winslow home at Chambers.

Rex Tackett, son of the K. Tacketts of Meeks Bay is enjoying a vacation at Tahoe from his job in the bay area.

Mr. and Mrs. Al Brenzel of Brentwood, on the south end of the lake, have signified their willingness to serve as first aiders in time of emergency, according to Dave Chambers.

George Cameron of the San Francisco Chronicle and Bill Larsen were reported vacationing at Tahoe with friends.

Mrs. Stanley Martin Sunday returned to Reon where she will remain with her mother, Mrs. George Keith who recently suffered a serious illness. Stan, Jr., will remain with her and his school is out for two weeks.

The lake level Sunday stood at 6227.62 with only 22 CSF of water leaving the gates in town. Coldest day of the week was June 6 when the temperature dropped to 26 and the warmest was June 11 when 67 was reached.

TAHOE LETTER

To the Service Men  
From SWANEE

Tahoe City, Calif.  
June 22, 1944

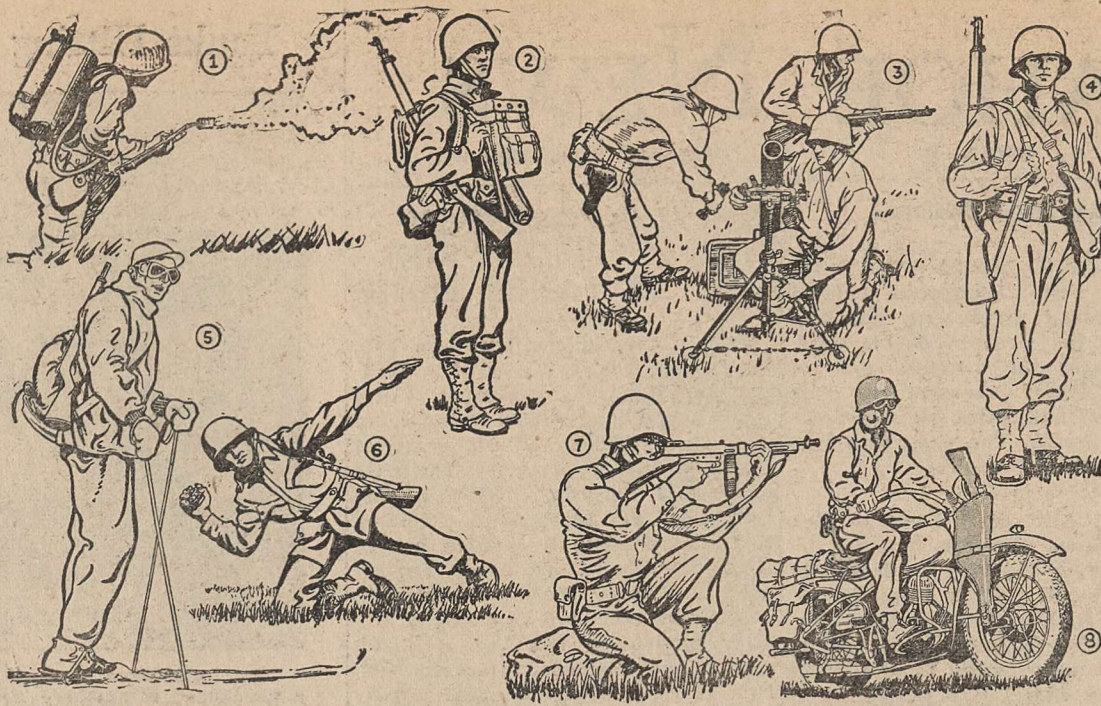

Dear Tahoeites:

Today is Fathers Day and for a change, beautiful weather prevails. For the past week many of our early summer visitors have been threatening to go home if the sun failed to put in an appearance soon. So once again sunshine is the order of the day and I suspect many local fathers will spend some time on the lake today at their favorite sport of fishing. Dad Swanson arose this morning to be greeted with a few surprises and then proceeded to catch a nice eight-pound mackinaw, making his day just about complete. We'll

fete him, and our neighbor Mrs. Lee Druhn, who had a birthday yesterday, at a dinner later today.

I take off again tonight for Herlong as little grandson, Sammy Lee has been back in the hospital for four days with his tonsils causing him all the trouble. So we will take him to the hospital at Susanville next week to get his tonsils out and when he is sufficiently recovered I'm bringing him to Tahoe for a vacation. Bet that'll fix him up.

Two lads I have known for years who are being fixed up with a grand vacation this week are the Henrikson boys, Oliver and Charles. With their parents, Mr. and Mrs. Harry Henrikson they arrived from Oakland last week and opened their home at Lake Forest where they are taking in everything they can think of and enjoying it no end. Both Charles, a staff sergeant in the infantry in Texas and Oliver, a Pfc., stationed at the army airbase at Alliance, Nebraska, de-

EQUIPMENT OF A FIRST-RATE FIGHTING MAN—1. The flame-thrower is rapidly becoming a major weapon in the American doughboy's arsenal. 2. GI Joe carrying the "old reliable" '03 rifle and a portable radio which keeps him constantly in touch with his unit. 3. Infantry crew of the deadly 81-mm. mortar protected by riflemen with the famous M-1 rifle. 4. This is the doughboy himself—a basic fighting man who's ready to prove he's the best soldier on earth. He wears a steel helmet and gas mask and carries the M-1 rifle. 5. Ski-troopers are infantrymen, too. His weapon is the light, accurate 30-calibre carbine. 6. This Infantry paratrooper demonstrates the proper position for going into action with a hand grenade. 7. The Thompson sub-machine gun is a weapon of opportunity, which, with its rapid rate of fire and satisfying accuracy is a favorite of many doughboys. The Tommy gun is fired from a kneeling position. 8. The Infantry motorcyclist, serving as a courier, wears a dusk mask and in the holster carries his Tommy gun ready for instant use.

clare in unison, a little speech I'm sure you will all okay: "There just isn't ANYPLACE like Tahoe." Both look in the pink, with Ollie a bit heavier. They leave Tuesday and expect soon to be transferred after returning to their posts. But today they're in their glory.

Mrs. Norman Mayfield is in the southland this week where she went to visit her nephew, Doug Smith, a recent victim of meningitis and measles. She wrote that he is better but that the doctors say it will be some time before he will be his old self again. He is not confined to bed, but able to be up and about but will have to take treatments for some time to come. Mrs. Mayfield is having difficulty getting reservations from that end of the line to Tahoe.

Mr. and Mrs. M. A. Lopes of San Leandro, who are now enjoying a vacation at their Timberland Tract home, report their son, Melvin, yeoman, 1-c, is still stationed with the coast guard in the San Francisco area. He has been at his present job for nearly two years and hopes for a furlough to be spent in the Tahoe air and sunshine. Guests of the Lopes family are her mother, Mrs. Julia Faria and Mrs. Madeline Fraga of San Leandro and Miss Nora Reis of Oakland. Mr. Fraga joins the party Tuesday.

Kay Starratt writes from far off India that she and Sergeant Ray

Sabini of Truckee are destined to meet in the near future, as they have already set a date. She sent home a picture taken of herself in the native bazaar where she went to purchase brass vases and filigree for the room she shares with another girl.

The C. S. Andersons of Tahoe Cedars received an unexpected thrill recently when they looked at a picture from overseas war zone depicting a group of paratroopers displaying a nazi swastika flag they had just captured. For in that group was Mrs. Anderson's nephew, who was a member of the Normandy invasion forces.

Truman Sunkel of the SeaBees who enjoyed a brief vacation at his home at Tahoma ith his wife last week told neighbors of a narrow squeak he had one night during an air raid in Africa. In pitch darkness he ducked into a fox hole and then remembered something he wanted in his nearby tent. He made his way back and just as he dropped to the ground again he felt something nudge his arm. He called out but there was no answer. So he put out his hand and found—not a buddy—but a large chunk of shrapnel which had dropped into the soft ground beside him so close that it nudged his arm when it fell.

Al Henry, Jr., at Amarillo, Texas reports he has qualified as expert with both pistol and carbine and now has a shiny medal which he will keep but is too modest to wear.

Latest word from Leslie Atherton radio man in far off Cleopatra land is that he has risen to rank of corporal and is still enjoying the strange land in which he is stationed. He was just preparing to take off for a short furlough to be spent at a resort 9,000 feet high. A recent picture sent home shows him in good health, although looking a bit thinner which he says can't be helped since the heat rises from 110 to 115 degrees every day. His brother Al still stationed at Muroc Field, also sent his photo home and certainly appears well cared for.

Was very sorry last Friday to learn that Mrs. Dave Chambers had had a fall which will probably set her back again. She suffered a bad fall a few weeks ago and was confined to her bed for a time. Hope she is soon well again.

Ben Callender, ho enjoyed a brief vacation at his Homewood resort, The Hut, before pitching into work, informed me last week that his wife had suffered serious burns on her face and back of her hands in her San Francisco home while lighting a

gas oven. Luckily the car stood outside her home and she was able to secure immediate medical aid from her doctor. Their son, Billy, is attending Lowell high school where he is a trumpeter in the ROTC band. He will attend summer session at Tahoe this year as soon as his San Francisco school closes. Callender has been engaged in war work this winter.

Charles Winslow, former Homewood resident, has sold his Tahoe home to the Christianson family of Pasadena who plan many improvements. Winslow is working in war work in Long Beach.

Miss Carole Droste, daughter of Mr. and Mrs. Henry Droste, like Kay Starratt, is a member of the Red Cross abroad, serving as staff aid in North Africa. She trained for three weeks at Washington, D.C., then went to Camp McCall in North Carolina for another three weeks, then back to Washington. She was there two and a half months alerted and her family did not hear from her. She writes most cheerfully of her work and surroundings, says the food is good, scenery beautiful and finds the helmets of general utility use, bathing in them and doing the wash in them. Her sister, Janice is now at Tahoe for the summer.

Only a few short hours ago I sat with nearly 100 others and heard the acm voice of Rev. Noel Porter as it was wafted on the soft summer air in the outdoor Episcopal chapel near the Tavern "I will lift up my eyes unto the hill .... from whence cometh my strength....." It was the memorial service for one of Tahoe's

most esteemed citizens, Howard Johnston of Pinecrest, who died suddenly Friday morning.

Leave you for another week and pray this finds you all cheerful and resolved to get this terrible conflict over with as soon as humanly possible. I send along best wishes and sincere blessings from all the home-folks and ith you good luck, good cheer and God speed.

As ever,  
SWANEE.

Tahoe Briefs

Mr. and Mrs. Norman Dewhurst arrived Saturday to spend some time with her parents, the Henry Solls of Pine Lodge. Dewy reports for service soon.

Mrs. Al Henry, Jr., and little son Gary have rented the William Wathen home in the Bittencourt Tract for the summer.

Alos at Lake Forest were Mr. and Mrs. Paul McCullough up from their home on the peninsula.

The J. J. Jacobs family of Sacramento are vacationing at their summer home at Homewood, where they are busy planting a garden this week.

Mr. and Mrs. Holland Frazee and a party of guests enjoyed a stay at the family home in Lake Forest No 3 last weekend. Frazee is a member of the music department of Sacramento Junior College.

The United States Secret Service, a division of the Treasury Department, is charged with the protection of the President and his family "at all times and under all conditions."

# Capitol Week

By Patricia Clary  
United Press Staff Correspondent

CAPITOL WEEK adyt.(eoe nmhethn  
SACRAMENTO, June 22.— (UP)—  
Gov. Earl Warren turned his attention to national politics this week as he prepared to leave today for the Republican national convention in Chicago after the legislature wound up its second extraordinary session of 1944 by passing his prime objectives—an anti-black market bill and a post-war public works program—and giving what in effect was a vote of confidence in his probe of alleged irregularities in the farm council.

The governor attended the organization meeting of the California Republican delegation to the national convention in Fresno June 17, and there formally released the delegates from their pledge to support him as a presidential candidate. He had previously announced he would take such action.

Back in Sacramento, the governor went to work on the keynote speech he will deliver to the convention—still at last reports in the "tearing up stage." Incidentally, the governor planned to set a precedent in political conventions by holding the address down to 30 minutes.

"People are used to short and snappy things these days, he explained.

The governor and Attorney General Robert W. Kenny already were working out a program for suppression of the black market throughout the state following passage of the measure which outlaws counterfeiting ration coupons or dealing for profit in bogus or illegally acquired coupons. Warren said he thought the measure "can be made effective in suppressing the activities of racketeers who got into this business."

Meanwhile, Kenny had another problem on his hands. He spent part of last week in Alameda county conferring with District Attorney Ralph Hoyt on an investigation under way into financial dealings of the farm production council. Warren said he would make public a comprehensive report on the investigation.

The probe followed a senate committee's disclosure that the firm of Nels Nelsen and Grant Ewing of Hayward made a profit of more than \$100,000 on a \$339,000 contract to furnish portable housing to farm workers. The committee also made public testimony by Ewing that A. G. Vollman, former council employee, had been "taken care of" by Nelson with a \$5,000 payment.

Although the alleged contract, which Warren said had a very bad odor, might have disrupted his special session, most of the measures had been passed, and the state senate went on record as satisfied with the investigations. Opponents of the resolution requesting the governor and attorney general to carry on the investigations charged it implied the two officials "were not doing their best."

During the week before he went to Chicago, the governor signed into law most of the major bills passed by the special session which adjourned June 14.

**Teacher's Retirement**  
One of the first measures to win the governor's approval was a bill he termed 20 years overdue setting up a \$30,000,000 teachers retirement fund from which increased pensions to teachers will be drawn starting in July.

The bill sets a new pension rate for teachers already retired at \$60 a month and guarantees from now on a minimum pension of about half-salary. The legislature made plans to spend its money right up to the end of the session, setting up a state fund of \$10,000,000 to match city and county funds for plans for post war projects and earmarking \$25,000,000 in addition to a previous \$50,000,000 for postwar works.

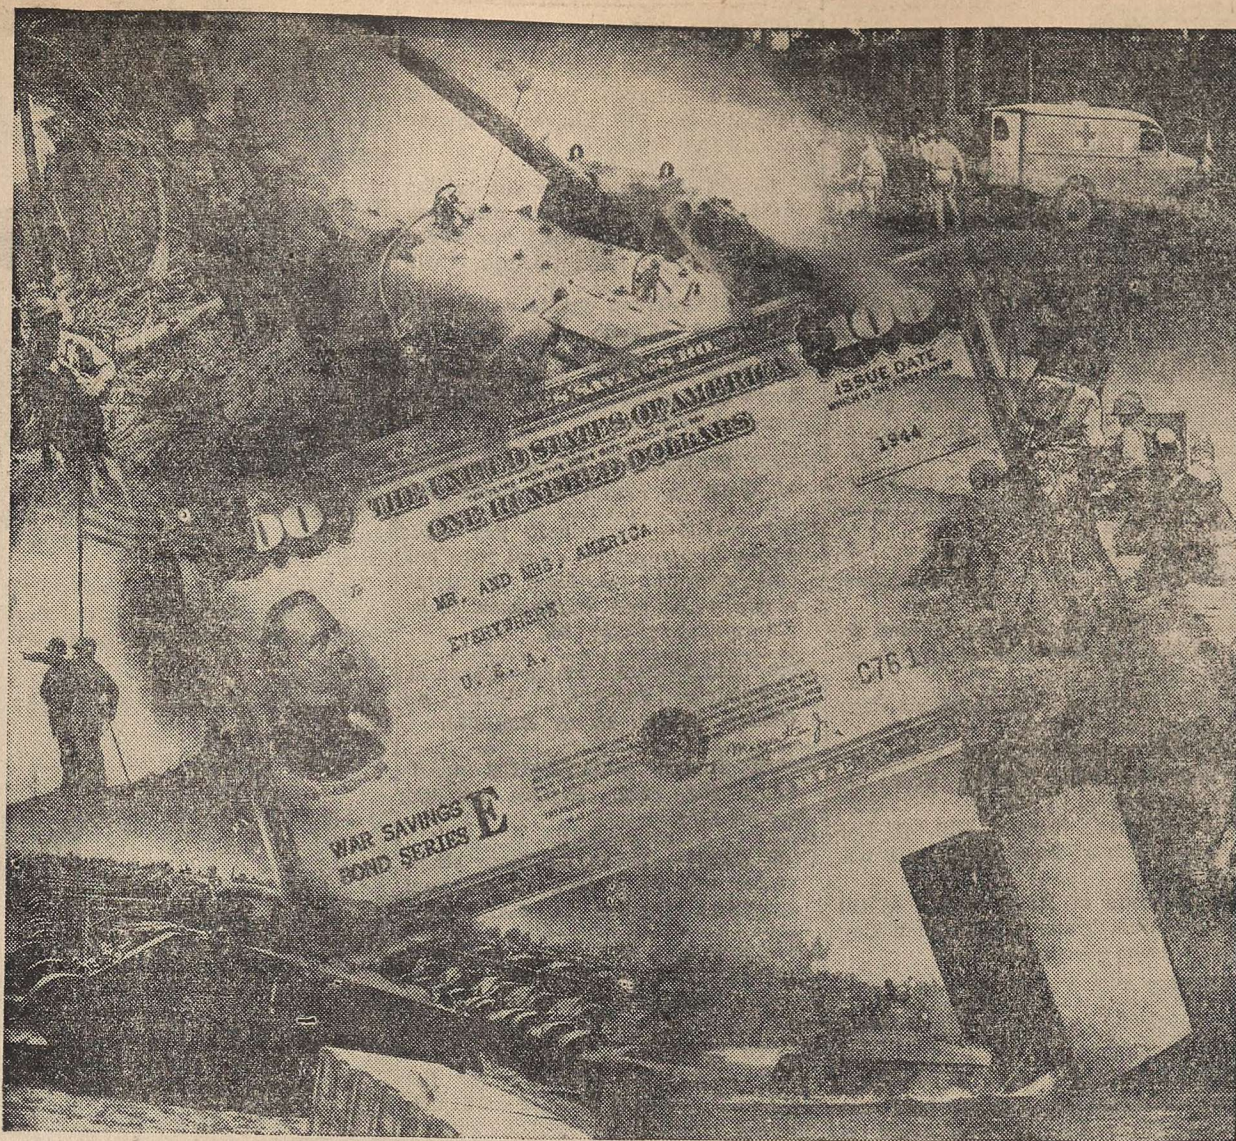

The man of integrity is one who makes it his constant rule to follow the road of duty, according as Truth and the voice of his conscience point it out to him.—Mary Baker Eddy

A deserved and discriminating compliment is often one of the strongest encouragements and incentives to the diffident and self-distrustful.

## Meets in Rome

M-Sgt. John Pittorri, New York City, hugs his daughter, Joan, whom he met in Rome after the Eternal city fell to Fifth army troops. They were separated in Rome in 1936.

## Files Complaint

Because he is accused of applying for and receiving B and C ration books for driving to McClelland field from his home in 1938, while he was a regular passenger of another man, Milton Shactebek was named in a criminal information filed June 14 by Emmett J. Seawell, assistant U. S. attorney in the United States District Court, Sacramento. Judge Martin I. Welsh set Shactebek's bond at \$1000.

Similar bail was set for Henry Freshour of Stockton who is accused of selling a used truck to Antonio Bautista for \$900 when the ceiling price was \$418.68.

## SHELL OFFERING CANNING INFO TO HOME GARDENERS

By assuming two new personalities, American housewives are contributing as important a part to war production as the man or woman behind a welder's torch in shipyard or aircraft plant. These kitchen production lines are actually protecting our home front food supply. Last year millions of housewives not only did much of the actual Victory gardening themselves, but they also went into the canning business and made sure that what they had grown was not

wasted. Again in 1944, Victory Gardens will come through with quantity and quality that will astound even the beginners. The sudden rush of baskets full of crisp garden produce will encourage many housewives to round up pressure cookers, to assemble as many jars and caps as they can and start a food canning program that they never would attempt in peace times.

To assist housewives with authoritative information on canning and drying, Shell Oil Company, Inc., has compiled important hints and suggestions in a tabulated folder. B. L. Blunt, the company's local manager remarked today: "This folder is a boon in any kitchen full of action, when time for turning pages of detailed instructions is out. This pin-up brief on how to do it tells how to prepare produce for drying or canning and gives exact time limits for precooking as well as actual processing. This timely folder is now being given to housewives at local Shell dealer and service stations.

Victory garden patriots this year will produce over 10 million tons of food, or 25 per cent more than was grown in 1943. About half of this fresh produce will be processed for use later in fall and winter months. This is where home grown food will

do the biggest job toward relieving a serious food situation.

"In addition to the various canning processes, home drying of fruits and vegetables also provides an important method of food preservation. This process can be accomplished by simple home-made, or inexpensive equipment. It is necessary in either routine to follow the correct canning or drying procedure for each fruit and vegetable and the Shell folder outlines these briefly," concluded Blunt.

## DALE CARNEGIE

Author of "How to Win Friends and Influence People"

A good many years ago a sailor decided he would become a merchant. He had been at sea for some time, making two dollars a week, and, so with this money in his pocket, he thought he would try out his idea for a store. It was a simple idea; he would sell everything in the store for cash and at a lower price than the other stores in the neighborhood. This sailor's name was Rowland H. Macy.

So he opened up a small dry goods store in Boston and stood back for the crowds to rush in. They didn't; didn't even saunter in.

So he raised some money and went to Haverhill, Mass., and opened a store bigger than the Boston one. He stepped back again to make way for the crowds. About the only one who came was the sheriff. It wasn't long till the door was nailed up.

But he still believed in his idea. He decided to raise money and try it in a still bigger way! And that is exactly what he did. He pulled stakes in Haverhill and went down to New York and opened up a store at Sixth avenue and Fourteenth street. This time the crowds came. The idea he believed in succeeded. When the ex-sailor died he owned one of the biggest retail stores in New York.

That store moved uptown, passed into other hands, but pursued the same policy he had originally laid down. Today it is the biggest store in the world. R. H. Macy & Company.

This same policy was followed by another merchandiser — this policy of trying the idea in a bigger way instead of in a smaller way; by Frank W. Woolworth. He tried out his first store in Utica, New York, on a side street in a little box-like structure. It failed.

Then he moved to Watertown and got a bigger store. This too failed. He opened up again, in a still bigger town, on a still more important street. In fact, out of the first four stores he opened, three failed. But each time a store failed, he managed to raise money to try the idea out in a bigger way instead of a lesser way. For each time he tried, he learned something.

At last he hit it. Become a merchandising sensation and established a new idea in selling material over a counter. If he hadn't been bold and been willing to risk everything, what would have happened? Nothing, probably; he might have gone back to the farm where he was born and spent the rest of his life farming.

**North Tahoe News . . .**

By MADELINE GALLERANI

Mrs. George Seymour is at her Brockway home for the summer, coming up from Sacramento Saturday. Bill Martin of Oakland and nephew of Andy and Carl Sorensen of Tahoe Vista visited with his relatives recently, spending several days there. Dr. J. Harvey Clark and Mrs. Clark of Carmel are houseguests of Dr. and Mrs. Harvey W. Jones at their Carnelian Bay cottage. Mr. and Mrs. Ben Lambert of Sacramento are spending a few days at their Tahoe Vista home. Mr. and Mrs. H. McCarty of Las Vegas came up Monday to their Crystal Bay home for the summer. Joyce Jones of Glendale is spending the summer with her mother, Mrs. Charles Wheatly of Tahoe Vista. Norman King, student at Kings Beach school, is reported to be on the sick list this week. Hildegard Mire of Woodmont, Con-

necticut, spent a few days at her Crystal Bay home. Mr. and Mrs. Redmond of San Rafael have arrived at their home at Tahoe Vista to spend the summer. Arthur Jeffery of Martinez is spending two weeks at the home of Mr. and Mrs. Andy Sorensen of Tahoe Vista. John Heffernan, Kings Beach realtor is now at his Crystal Bay home coming up from Oakland where he spent the winter. Clare Buckbee and Mrs. Mable Wortsbaugh of San Francisco are at their Brockway home. Richard Bonelli, opera star, is expected to open his Crystal Bay home today for the summer. Helen Gordone has rented the Claire Weink home for the summer season. Miss Wilma MacFarland of Modesto is spending a few days at her Tahoe Vista home. J. H. Frantz of Reno is at his Crystal Bay home. Mr. and Mrs. Ira Blair of Richmond have opened their Cottage Court for the summer. Ed Hill and Lester Hill of San Francisco are at their home on Brockway Hill. J. Richards of Reno visited at the home of Jim Lyons of Carnelian Bay.

**KINGS BEACH HAS FIRST GRADUATION**

KINGS BEACH, June 22.—Kings Beach elementary school held its annual picnic Friday. The event is usually held on the beach but due to cold weather it was held in the school house. The pupils had a nose-bag lunch, each child bringing extra sandwiches and cake or cookies.
